FORESTVIEW WORKS TO SAVE BEES!

On Thursday April 26th, a team of Mrs. LeBlanc's Grade 7/8 students were one of 10 schools attending the CONNECT conference at the Scotiabank Convention Centre. This was an extension of the 6Social program they have been learning about in class which involves problem solving, social collaboration, and the digital arts. Aidan B., Prapti A., Thien L., and Jackson M. have been exploring the extinction of bees and developed a solution which consisted of creating bee sanctuaries throughout Niagara Falls. They collaborated to create an engaging pitch and video highlighting their work. At the conference our Forestview team was selected as one of the top 3 teams which provided them the opportunity to present their project to a larger audience in one of the theatres. Their project won the "Most Innovative Solution" award. They are to be congratulated for their dedication, innovative thinking and great teamwork! Well done, Team honeyhoney!

FORESTVIEW EATS LOCAL!

On Wednesday, May 8th, the EcoClub will host our first ever *BIG CRUNCH*! We've sourced the apple snack through a local farmer and will wash and deliver them to classrooms at first nutrition break for all to enjoy. Did you know that the average meal travels 1200 km from farm to plate? Food that is grown closer to home will have fewer transportation emissions associated with it, is fresher and supports local farmers. This is a **free** and **optional** opportunity event for students to taste fruits that are grown close to home.
