

**Parking Enforcement:** Previously, we had sent out a notice for Parking Enforcement by City Staff. Prior to enforcement beginning we needed to post a sign at the entrance to our property informing visitors that vehicles not properly parked in accordance to City of Niagara Falls by-law 89-2000 may be tagged and towed at owners expense. This sign is posted on the lamppost at the entrance to the school parking lot. A photo of the sign has been attached.

We will have City of Niagara Falls Parking Enforcement Staff on our school property before and after school. They will attend our property regularly to ensure that parking rules are being followed. They will enforce parking rules for any vehicle not in a designated parking spot.
